

SWISSPEARL® FIBER CEMENT RAINSCREEN

Varina Area Library

Richmond, VA Area Library Honors Nature with Swisspearl® Facade

The design team at [Quinn Evans Architects](#) (formerly BCWH) was tasked with creating a modern, energy-efficient rainscreen design that still reflected this Virginia community's vernacular architectural heritage. Configured as a series of pavilions emerging from and cascading down the landscape, Cladding Corp assisted the design team by providing a high-performance [Swisspearl® CARAT](#) façade, paired with [ECO Cladding's Alpha Hci.10 Exposed Fastened System](#).

System Type: Alpha Hci.10 System

Panel Type: CARAT Coral 7030

Architect: Quinn Evans Architects (formerly BCWH)

Installer: Roof Systems of VA, Inc.
