

SWISSPEARL® FIBER CEMENT RAINSCREEN

## North Shore Middle School – Glen Head, NY

*Swisspearl Panels Enhance North Shore Middle School*

North Shore Middle School features approximately 5,000 square feet of Swisspearl fiber cement panels in a bold combination of ZENOR Red 35005 and Vintago VI 011 Grey. The vibrant red and sleek grey panels create a dynamic and modern exterior while providing long-term durability and low maintenance. Chosen for their high performance, fade-resistant color, and sustainability, Swisspearl panels elevate the design and functionality of this educational facility - delivering a striking, weather-resistant facade that supports an inspiring learning environment.

Panel Type: Swisspearl®  
Architect: Memasi Design
